## **President's Letter**

According to tradition, the month of May is a time of celebration. The first of May is the middle of Spring and Summer and a time to rejoice that the flowers are starting to bloom, crops are coming up, the livestock are reproducing. In general, life is good, and we will survive. I also think we humans love to find a reason to party.

I am sure all of us and our grasses give a big thank you to Mike Michalec for getting the water going.

I believe it is a good time to reflect on the cycle of life. We can remember those who have passed this last year and rejoice the new birth of children. I still have not figured out how I am a Great-Grandfather; must be a time warp somewhere.

I am developing a database to better track our residents with the capability to update lists, mailings, and emails. As I was compiling the data list, I noted quite a few residents with no email address. While there may be those who do not want and/or do not have the capability, please know that information is sent using this email contact. If you would like to get information and announcements, please let the office know. The database provides the capability for listing two email addresses and two phone numbers to provide that messages may be directed to the specified individual.
